After an unexpected transfer to the States for her senior year, Suranne's new friends give her just one instruction: stay away from Kane Richards. According to everyone, he's a heartless playboy concerned only for himself. With one glance, it's easy to see why he gets away with it. But things aren't always what they seem- especially when he sets his sights on her and whispers that she's different. Despite all the red flags, Suranne considers whether or not his intentions are genuine or if she's simply another name on his list. In the process, she may just uncover the real Kane Richards. But, when it comes down to it, the real Kane Richards may not want to be found. Filled with raw emotion, Kane Richards Must Die explores relationships, trust, love, and what can happen when life takes an unexpected turn.
