Magicians never reveal their secrets. That may be true of the Great Oz, but not of acclaimed filmmaker Sam Raimi, who allows readers a special behind-the-scenes look at the magic and making of Disney's Oz The Great and Powerful in this new book. Written by Grant Curtis, the film's executive producer, The Art of Oz The Great and Powerful details the production of the film, from initial conceptual art to early art department paintings and up to the final frames. Featuring never-before-seen film stills, concept art, and interviews with the cast and crew, The Art of Oz The Great and Powerful will take the readers through the entire filmmaking process, and into the magical land of Oz.
