A Miracle Every Day: Triumph and Transformation in the Lives of Single Mothers Marita Golden
A Miracle Every Day takes an illuminating and intimate look at flourishing single-mother families. Single motherhood and the children of single mothers have been the subject of overwhelmingly negative statistical analysis. But, asks Marita Golden, where are the studies that analyze the strengths of single mothers, the positive adaptive skills learned by their children, the support systems that help these families work?

In *A Miracle Every Day* Golden, once a single mother herself, and several other single mothers and their family members share their success stories with great honesty and insight. Golden identifies the coping characteristics these families have in common and organizes them into guiding themes, making *A Miracle Every Day* a book that single mothers and their support networks can turn to for wisdom, comfort, and inspiration.
