## **Queenship, Power & Politics: A Comparison between the roles of Catherine of Aragon and Anne Boleyn at the Tudor Court** Janet McCall

This book takes a unique look at two of Henry's most written about queen consorts. The Tudor Court was a place of political intrigue and factional politics, at the centre was Henry VIII. Those closest to Henry gained power, this book looks at the rise of both Catherine and Anne, their role as Queen of England and their downfalls, in order to comment on how the two were both victims of their circumstances. I have analysed and included primary research within my book in order to provide a valid historical perspective. This is a perfect read for anyone interested in the Tudor period and the role of Queenship during the Renaissance period.
