This book will give you the knowledge and confidence to create complete meals for every time of day and occasion - quickly. It will also teach you how to bake great cakes and breads, and make simple snacks and side dishes. Many meals are complete in their own right or have different elements that can be cooked one after the other (food needs to 'rest' before serving so this is quite possible and still keep it all hot.). But it can be used alongside your conventional hob. You may, for instance, want to quickly boil some rice or pasta to accompany a delicious meat, fish, chicken or vegetable main course in the combi. You can also use it as a conventional microwave, grill or convection oven.
