From the Boeing 747 to the Concorde, from the Fokker triplane to HMS Victory, from the T-34 tank to nuclear submarines, The Worlds Most Powerful Machines series selects the 52 best models in their field for a fully illustrated celebration of technology and production history, whether carrying passengers or deployed in wars. Each entry is examined over two spreads and includes a brief description of the machines development and history, color profile artwork, photographs, key features, and specifications tables. Each volume is packed with more than 200 artworks and photographs, serving as a colorful guide for the military historian and military technology enthusiast.
