Using LEDs, LCDs and GLCDs in Microcontroller Projects

Dogan Ibrahim

Using LEDs, LCDs and GLCDs in Microcontroller Projects Dogan Ibrahim

Describing the use of displays in microcontroller based projects, the author makes extensive use of real-world, tested projects. The complete details of each project are given, including the full circuit diagram and source code. The author explains how to program microcontrollers (in C language) with LED, LCD and GLCD displays; and gives a brief theory about the operation, advantages and disadvantages of each type of display.

Key features:

- Covers topics such as: displaying text on LCDs, scrolling text on LCDs, displaying graphics on GLCDs, simple GLCD based games, environmental monitoring using GLCDs (e.g. temperature displays)
- Uses C programming throughout the book – the basic principles of programming using C language and introductory information about PIC microcontroller architecture will also be provided
- Includes the highly popular PIC series of microcontrollers using the medium range PIC18 family of microcontrollers in the book.
- Provides a detailed explanation of Visual GLCD and Visual TFT with examples.
- Companion website hosting program listings and data sheets
- Contains the extensive use of visual aids for designing LED, LCD and GLCD displays to help readers to understand the details of programming the displays: screen-shots, tables, illustrations, and figures, as well as end of chapter exercises

Using LEDs, LCDs, and GLCDs in Microcontroller Projects is an application oriented book providing a number of design projects making it practical and accessible for electrical & electronic engineering and computer engineering senior undergraduates and postgraduates. Practising engineers designing microcontroller based devices with LED, LCD or GLCD displays will also find the book of great use.

From reader reviews:

Maria Macdonald:

Do you have something that you like such as book? The guide lovers usually prefer to decide on book like comic, limited story and the biggest an example may be novel. Now, why not striving Using LEDs, LCDs and GLCDs in Microcontroller Projects that give your pleasure preference will be satisfied by means of reading this book. Reading practice all over the world can be said as the means for people to know world a great deal better than how they react when it comes to the world. It can't be stated constantly that reading addiction only for the geeky particular person but for all of you who wants to always be success person. So , for every you who want to start reading through as your good habit, it is possible to pick Using LEDs, LCDs and GLCDs in Microcontroller Projects become your own personal starter.

Ralph Garibay:

In this time globalization it is important to someone to find information. The information will make you to definitely understand the condition of the world. The healthiness of the world makes the information better to share. You can find a lot of recommendations to get information example: internet, paper, book, and soon. You can observe that now, a lot of publisher this print many kinds of book. The particular book that recommended for your requirements is Using LEDs, LCDs and GLCDs in Microcontroller Projects this e-book consist a lot of the information on the condition of this world now. That book was represented so why is the world has grown up. The vocabulary styles that writer value to explain it is easy to understand. Typically the writer made some investigation when he makes this book. That's why this book acceptable all of you.

Stephanie Carlton:

You may get this Using LEDs, LCDs and GLCDs in Microcontroller Projects by look at the bookstore or Mall. Just simply viewing or reviewing it could possibly to be your solve difficulty if you get difficulties for the knowledge. Kinds of this publication are various. Not only through written or printed and also can you enjoy this book by means of e-book. In the modern era similar to now, you just looking from your mobile phone and searching what your problem. Right now, choose your ways to get more information about your guide. It is most important to arrange you to ultimately make your knowledge are still upgrade. Let's try to choose suitable ways for you.

Marian Sheffield:

Do you like reading a publication? Confuse to looking for your selected book? Or your book was rare? Why so many query for the book? But almost any people feel that they enjoy for reading. Some people likes examining, not only science book and also novel and Using LEDs, LCDs and GLCDs in Microcontroller Projects as well as others sources were given know-how for you. After you know how the truly amazing a book, you feel need to read more and more. Science reserve was created for teacher or perhaps students

especially. Those books are helping them to put their knowledge. In additional case, beside science reserve, any other book likes Using LEDs, LCDs and GLCDs in Microcontroller Projects to make your spare time a lot more colorful. Many types of book like this one.
