Antique Mining Equipment and Collectibles

Ron Bommarito, David W. Pearson

Antique Mining Equipment and Collectibles Ron Bommarito, David W. Pearson

Mining's dramatic and dangerous nature is reflected in the hundreds of specialized tools and artifacts shown in over 500 color photographs and discussed in this revised and expanded second edition with updated pricing. Thirty categories, from advertising and assay equipment to surveying equipment and tokens, chronicle old mining methods in detail. An elevated appreciation is gained here of the men and women who spent part of their lives mining with this equipment. Today, historians and collectors pay respect to those people as they preserve and interpret the equipment that remains. This is an important and valuable reference for all concerned.
