Imagine:

Sleeping through the night soundly and peacefully without waking up to use an inhaler

Walking into a room filled with cigarette smoke, cats, or flowering plants and not having an asthma attack

Exercising without gasping for breath

Finally--a real ray of hope for asthma sufferers!

At last, there's the Breath Connection, a groundbreaking asthma treatment that has a proven 100 percent success rate in alleviating symptoms in patients and an extraordinary 90 percent success rate in decreasing and even eliminating dependence on inhalers, nebulizers, and other drugs forever! Simply by learning how to retrain their breathing patterns, asthmatics can learn how to calm the worst asthma attacks and even stop them before they begin.

Asthma has reached epidemic proportions in the United States. Fifteen million Americans suffer with asthma, and more cases are diagnosed every day. Traditional medicine can control all but the worst symptoms of this crippling disease, but there is no sign of a cure. Until recently the Breath Connection program was available only in London at the renowned Hale Clinic, where it has helped hundreds of thousands of sufferers alleviate even the worst symptoms of asthma. Now with the publication of Freedom from Asthma, millions of Americans will finally be able to seek relief from this crippling disease.
