Recent Forgeries (Book & CD-ROM) Viggo Mortensen

Poems are layered in paintings-obscured, written over, then painted again. Found objects are treated lovingly and elevated above their humble throwaway status. Old and new rub against each other in textured works that suggest a fractured narrative composed of the artist's visual and emotional memories. This volume is an extraordinary look into the process and mind of an artist whose boundless creative output touches a myriad of media and modes of expression. Included in the book are writings, paintings, collages, assemblages, found objects, and photographs that point to the fluidity of meaning of a world in flux, as well as a special spoken-word and music CD by Mortensen. Mortensen is best known for his outstanding performances in films such as *A Perfect Murder*, *GI Jane*, and *Portrait of A Lady*, and Gus Van Sant's *Psycho*. He is also the author of several books of poetry and other writings.
