Post-Boom in Spanish Amer Fiction (Suny Series, Latin American & Iberian Thought & Culture)

Donald L Shaw

What happened in Spanish American fiction after the Boom? Can we define the Post-Boom? What are its characteristics? How does it relate to the Boom itself? Is Post-Boom the same as Postmodernism or something quite different? Shaw traces the emergence of a different kind of writing which began to displace the Boom in the mid-1970s and has flourished ever since. More reader-friendly, more concerned with the here and now of Latin America, the writers of the Post-Boom have explored new areas of Spanish American life and incorporated characters from new social groups, especially young working-class and lower middle-class figures with their distinctive pop culture and freewheeling life-style. Shaw suggests that, while some Boom writers have moved toward the Post-Boom, Post-Boom narrative is distinctively different from that of the older movement and cannot be readily assimilated into Postmodernism."
