About White Fang

White Fang is a novel by American author Jack London (1876–1916) — and the name of the book's eponymous character, a wild wolfdog. First serialized in *Outing* magazine, it was published in 1906. The story takes place in Yukon Territory, Canada, during the 1890s Klondike Gold Rush and details White Fang's journey to domestication. It is a companion novel (and a thematic mirror) to London's best-known work, *The Call of the Wild*, which is about a kidnapped, domesticated dog embracing his wild ancestry to survive and thrive in the wild. Much of *White Fang* is written from the viewpoint of the titular canine character, enabling London to explore how animals view their world and how they view humans. *White Fang* examines the violent world of wild animals and the equally violent world of humans. The book also explores complex themes including morality and redemption. *White Fang* has been adapted for the screen numerous times, including a 1991 film starring Ethan Hawke.
