**Download for FREE with Kindle Unlimited This is a 8,000 words CLEAN stand-alone story with an HEA, so no cliff-hangers!** Ginny has just graduated college with a degree in philosophy. She knows that it isn't exactly a booming job market for philosophy grads. She goes home to live with her parents and work at a coffee shop until she finds something more permanent. She answers many ads for jobs, but nothing pans out. That is until she applies to work for Fedorov Enterprises. The job offers a great salary, and they specialize in "non-traditional hiring." What she finds out when she arrives for her interview is that this is not a traditional job...it's so much more than that. But can she handle it? Will she want to? -----  
----- *EXCERPT FROM BOOK* It was not until she neared the end of the final document that something struck her. She read it a few times, believing she understood what it meant. Below this last paragraph was the line for her signature. She hovered over it with the pen, looking up at Ivan. "The sexual trial," she said. "Yes," he replied. "That is non-negotiable I'm afraid." "And you are the test subject?" "I am in a unique position to determine if you will be to Ivan's liking." Ginny looked him over again, trying to determine if he was being disingenuous with her, but it did not seem to her that he was. She was not afraid of him in the least. She looked him dead in the eye and signed her name on the dotted line. She dropped the pen on the table. She turned to Alexi. He began to undo his belt. Ginny walked across the room, around the table. She hopped up on the table and laid down flat on her stomach. Alexi finished undoing his belt and dropped his pants. His member was firm and upwards, ready to go. Ginny motioned for him to come closer. She stuck her legs in the air as she took his cock into her mouth. Her head bobbed back and forth and Alexi moaned in pleasure. Eventually, he instructed her to get up, to stand up on the table. "I need you to remove your clothes now," he said. **AUTHOR'S NOTE: This is a 8,000 word stand-alone story with an HEA, so no cliff-hangers!
