Life on Cripple Creek Dean Kramer

How would you pick out a pair of shoes when aesthetics can no longer be the driving force behind your decision, yet you aren't ready to dress like your elderly neighbor? What would you do if, after boarding your scooter in the morning and making your way to the raspberry patch behind your house, you stumbled upon a hornet's nest? Discover what it's like to live with multiple sclerosis, to laugh at MS, to come to terms with a disease that demands so much of your life.

Most of the books and other informative material currently available on MS miss the emotional mark. People in the MS community are yearning for material that speaks to them, that tells them the truth about things, and that offers them the opportunity to alternately feel sadness and laugh out loud. MS is their reality and, often, they aren't given the proper tools to befriend it. Accompany Dean through her failures and victories. Experience life through her eyes. Many books convey the struggles of living with a life-changing disability. But *Life on Cripple Creek* goes further to show that with inner strength and a sense of humor the intrinsic land mines one encounters with this disease need not be devastating. With beauty and joy, laughter and tears Dean brings us *Life on Cripple Creek*."
