## **Skeleton Coast** Amy Schoeman

The Skeleton Coast of Namibia - an area once feared and shunned because of its treacherous coastline - is now prized as a place of beauty and tranquility, a place of magnificent solitude. Apart from the explorers, prospectors and miners drawn to the Skeleton Coast by its legendary mineral wealth, only small groups of people have visited this protected area in northwestern Namibia, and its mystery remains largely intact. It is undoubtedly high on the list of the world's most unusual, fascinating and scenically beautiful places.

Through her captivating photographs and absorbing text, Amy Schoeman shares with the reader the strange beauties of her life's passion. The superb photographs capture the life of the desert, its forms and colors, and the moods of its ever-changing landscapes, while the text details the geology, climate, richly diverse plant and animal life, the pattern of its history - from the early Portuguese explorers to the many mining ventures of the previous century - and the proclamation of the area as a park in 1971.

### From reader reviews:

#### Glenn Hancock:

Why don't make it to be your habit? Right now, try to ready your time to do the important take action, like looking for your favorite publication and reading a reserve. Beside you can solve your short lived problem; you can add your knowledge by the book entitled Skeleton Coast. Try to the actual book Skeleton Coast as your close friend. It means that it can being your friend when you really feel alone and beside associated with course make you smarter than previously. Yeah, it is very fortunated for yourself. The book makes you a lot more confidence because you can know everything by the book. So , we need to make new experience along with knowledge with this book.

#### Wendy Poston:

What do you concerning book? It is not important with you? Or just adding material when you require something to explain what your own problem? How about your spare time? Or are you busy particular person? If you don't have spare time to complete others business, it is gives you the sense of being bored faster. And you have extra time? What did you do? Every person has many questions above. They should answer that question since just their can do that. It said that about reserve. Book is familiar in each person. Yes, it is proper. Because start from on kindergarten until university need this kind of Skeleton Coast to read.

#### Madeline Edwards:

Is it an individual who having spare time and then spend it whole day through watching television programs or just lying down on the bed? Do you need something new? This Skeleton Coast can be the answer, oh how comes? A book you know. You are therefore out of date, spending your time by reading in this brand new era is common not a geek activity. So what these textbooks have than the others?

#### Dorothy Penland:

That book can make you to feel relax. This book Skeleton Coast was vibrant and of course has pictures on the website. As we know that book Skeleton Coast has many kinds or genre. Start from kids until teenagers. For example Naruto or Investigator Conan you can read and feel that you are the character on there. Therefore , not at all of book usually are make you bored, any it offers up you feel happy, fun and chill out. Try to choose the best book in your case and try to like reading this.
