With fast paced action and adventure on every page, 'TEXAS RISING' is a fictional thriller torn from the headlines of today that will have you on the edge of your seat until the end.

Consider the state of the Union in our present day, and then consider how much worse it could be with a dictatorial President at the helm, one who does not share the values of the patriotic American people. In 'TEXAS RISING' such a scenario plays out, leading to martial law, suspension of the general elections, and an uprising in the Western United States. Eventually, war is declared, and the President brings the United Nations forces in to crush the rebellion.

The hope of Texas is placed in the newly sworn in Governor of the state, but is he the man that can lead the newly formed Republic of Texas to victory?
