Cyberlaw: National and International Perspectives Roy J. Girasa, Roy J. Girasá

The text is designed as a basic course in the legal aspects of Internet law (cyberlaw) to be taken by undergraduate and graduate students in diverse disciplines. There are no prerequisites of extensive prior legal knowledge but rather assumes only a very basic knowledge of general legal principles. The text is comprehensive and covers all of the generally recognized major areas of the subject matter. Among the subjects covered is a basic understanding of the Internet, jurisdiction, contracts, torts, crimes, intellectual property in considerable detail, privacy, antitrust, securities, and the taxation of Internet sales. The text is broad enough to be used in a law school curriculum.
