Why have I created The Cock Coloring Book?

Why not! My experiences in life have shown me the world is absurd, as are many of our public figures. I have observed that many of our elected and self-proclaimed social and religious leaders are motivated by self-interest. Many of our leaders are under the grandiose belief that they are the only ones who see the light and that their way is the only way, the righteous way. These leaders use fear, morality, and sexuality as a platform to promote themselves and their agenda's.

So what better way is there for me to express my opinions and social commentary about these people and about the absurdity of life in general than through caricatures of the Cock and the Pussy, emphasized through slang words in this coloring book.

By the way, I am not concerned about whether I offend someone's point of view. If you think you might be offended, then don't buy the book. This book does not denigrate or attack race, culture, men or women as a whole. Only those individuals who are public figures, elected officials religious leaders whose actions, deeds, words and opinions I feel are harmful to society. By the way, I also poke fun at celebrities I admire.
