In addition to the rapid increase in knowledge and transportation, we are witnessing many monumental events: A global government emerging, global tracking technology in place, lawlessness and terrorism at record levels, the Middle East in turmoil, environmental devastation of biblical proportions, etc. Besides all this, interest in the occult realm is sweeping the globe and reported paranormal activity is mushrooming. The Coming Global Transformation tackles these distressing developments head-on by examining specific, ancient prophecies describing the last days and actual recent news reports and events that indicate a global transformation is looming. Some of the questions that The Coming Global Transformation addresses include: Are there advanced beings in the universe and are they friends or foes? Is disclosure imminent? Is there a sure source that tells us what the future holds? What role do apparitions play in the end times? Is there hope for global peace and who will usher it in? Does the scientific evidence point to evolution or creation? Will a New Age soon dawn? Who can save us from ourselves? Why is the Middle East the epicenter and culminating point of history? Will there be a Rapture and who will be removed? What will happen to those who remain on earth? With all the varying viewpoints how can we discern between truth and deception, good and evil? Is the "real you" physical or spiritual? Is there hope available to all? The Coming Global Transformation wrestles with these issues through the eyes of believers and skeptics.
