Ornette Coleman

John Litweiler

Ornette Coleman John Litweiler

Ornette Coleman is one of the great architects of jazz. Like Louis Armstrong and Charlie Parker, he changed the way we listen. His soaring, cascading, note-rich "free" improvisations added a new vocabulary to the alto saxophone; and his "harmolodic" compositions, shattering Western harmonic and rhythmic conventions, gave jazz a new musical language. This is a full-length biography of the jazz legend, making extensive use of previously unpublished interviews and detailed musical examples that further illustrate the text. It is a compelling portrait of a living legend and a lively history of postwar jazz.
