*A Frequency Dictionary of Korean* is an invaluable tool for all learners of Korean, providing a list of the 5000 most frequently used words in the language.

Based on the Sejong National Corpora, the largest written and spoken corpora in Korean comprised of 10 million words collected from different genres, the *Dictionary* provides the user with detailed information for each of the entries, including illustrative examples and English translations.

The *Dictionary* provides a rich resource for language teaching and curriculum design, while a separate CD version provides the full text in a tab-delimited format ideally suited for use by corpus and computational linguists.

With entries arranged both by frequency and alphabetically, *A Frequency Dictionary of Korean* enables students of all levels to get the most out of their study of vocabulary in an engaging and efficient way.
