Primae Noctis (The Once and Future Lords Trilogy) Aimery Thomas
Primae Noctis follows a diverse cast of characters through an expansive, future world. With a modicum of violence, politics, sexuality, history, and philosophy, Primae Noctis was written for the adult, hard science fiction audience.

"It was the first night of humanity, now known as the Calamity: a time of global crisis that led to the deaths of more than 99% of the world's 13.6 billion inhabitants. Humanity had passed far beyond any reasonable expectation of redemption. The dark veil of fear and night would descend upon every person on Earth."

"Sixty years later, and with the guidance of the Archonae, the survivors live in an idyllic society of secure and protected cities designed to elevate humanity to its full potential and prevent the problems of the past from recurring."

"However, not everyone is content with life in the new utopia."
