Time Paradox J P Borgatti

The year is 2036 and Aaron Stantan is a respected and dedicated Amalgamated States Federation (ASF) technician. The ASF was formed after the instability of the Middle East, where the world was teetering on the brink of a nuclear disaster. Whilst being teleported back to a 1547 Monastery for the ASF, Aaron is trying to establish the elusive history behind a mysterious rock. Will Aaron uncover the secrets of this 'rock' on earth and will this be all he discovers? After getting more than he bargained the race is on for Aaron and his team as they try to stop what our ancestors left us as a legacy. Can they right what is wrong? Is it even wrong at all? Time will only tell.
