## Wanted: The Eyes Have It!

The faces, especially the eyes that look back at me, in the photos on these wanted posters hold magnificent stories. They are people who had mothers, fathers, families, those they loved, and some had those who loved them. There were childhoods, picnics, long workdays, and many different adventures. They aren't horrible people that I see, but ones who were in the wrong place at the wrong time.

These "wanted" suspects' eyes captivate me.

What do you see when you peer into someone's eyes? Are these severe ruthless criminals, or are they people just like you and me?
