Medieval Flanders

David M Nicholas

Medieval Flanders David M Nicholas

Cradle of northern Europe's later urban and industrial pre-eminence, medieval Flanders was a region of immense political and economic importance -- and already, as so often later, the battleground of foreign powers. Yet this book is, remarkably, the first comprehensive modern history of the region. Within the framework of a clear political narrative, it presents a vivid portrait of medieval Flemish life that will be essential reading for the medievalist -- and a boon for the many visitors to Bruges and Ghent eager for a better understanding of what they see.
