This is a new exploration of the Tarot, which reveals the esoteric numerological links underlying this ancient system and connects the teaching of the Tarot to the initiatic journey of the Soul. If you are aspiring to connect with the mysteries of our life on this planet or you are already a disciple in some school of spiritual attainment, this is a book which will illuminate your way.

As we explore beyond those physical emotional and mental aspects that we call the personality, we find another energy that is not so easy to define and which seems to move us at a deeper level; this is the Soul. When we are receptive to the Soul's mystery we can start to connect to the universal collective energy of the Spirit.

The different stages in the fusion of personality and Soul and the unknown, unseen alchemy of transmutation from matter to Spirit are illustrated by the twenty-two cards of the Major Arcana. The symbols are explained and the deeper esoteric meaning of each card is explored with the help of numbers. This provides practical steps that can be applied to the everyday lives of those who seek greater consciousness.
