And given Alec's inability to be changed into a vampire, Cronin is free to drink from him at will. But the ramifications of drinking such powerful blood starts a ripple effect. With the help of Jorge, a disturbing vampire-child with the gift of foresight, Alec and Cronin face a new kind of war. This time their investigations lead them to the borders of China and Mongolia—but it's not what lies in the pits beneath that worries Alec. It's the creator behind it all.
