## **Koban Universe 1** Stephen W Bennett

Four stories, derived from the same Universe as the Koban series. These are tales involving Koban life forms and the Kobani people. Reading the other books isn't required to understand and enjoy these stand-alone tales. Australian Krall: A fully gene enhanced petite Kobani woman finds herself trapped in total darkness, pursued by hundreds of slaving, semi-sentient, maniacally aggressive and hungry aliens. Take a walk on the dark side! Bats of a Leather Flock Together: The wolfbat Flock Leader takes his colony to an unexplored Koban continent to set up a nest in virgin territory. The wily leader uses his cooperative experience with humans to try to forge similar alliances with other native creatures. Not everyone wants to play nice. Kobani Kiddie Cappers: How do Kobani parents cope with children that are born with the contact telepathy gene, and have eidetic memory? Adults that think teenagers act like they know everything never had an overconfident four-year old super child, with a ripper cub as his partner. Living to his teens is in doubt. The Smuggler and the Crime Lord: When you land your spaceship at a ruthless Crime Lord's city using false registry, it's hard to convince a platoon of armed thugs that you're only shopping, not smuggling without paying the boss his cut. If you happen to be Kobani, and you're buying everyone drinks in a spaceport bar, making threats and spoiling the fun can be fatal.
