The Book of Clouds

John A. Day

The Book of Clouds John A. Day

New in Paper

See the sky as you never have before. Using a series of his awe-inspiring images, photographer and scientist John Day--who has a Ph.D. in cloud physics and is known round the world as "The Cloudman"--introduces us to earth's great skyscape. His spectacular portfolio of pictures captures a variety of cloud forms and shapes, ranging from cottony-soft cumulus clouds to frightening, whirling funnels, as well as a number of optical effects, such as coronas and halos, seen in the heavens above. A magnificent cloud chart; an explanation of clouds formation; hints on forecasting, observing, and photographing clouds; and his "Ten Reasons to Look Up" teach us to use our *inner eye* to really perceive those familiar fleeting forms.

From reader reviews:

Linda Manuel:

People live in this new moment of lifestyle always try and must have the spare time or they will get lot of stress from both daily life and work. So , once we ask do people have free time, we will say absolutely yes. People is human not really a robot. Then we consult again, what kind of activity are you experiencing when the spare time coming to an individual of course your answer can unlimited right. Then ever try this one, reading textbooks. It can be your alternative with spending your spare time, the actual book you have read is The Book of Clouds.

Justin Belz:

Playing with family inside a park, coming to see the sea world or hanging out with close friends is thing that usually you have done when you have spare time, then why you don't try factor that really opposite from that. A single activity that make you not sense tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of knowledge. Even you love The Book of Clouds, you may enjoy both. It is great combination right, you still would like to miss it? What kind of hang type is it? Oh come on its mind hangout folks. What? Still don't have it, oh come on its referred to as reading friends.

Patrick Leon:

Do you have something that you like such as book? The guide lovers usually prefer to select book like comic, small story and the biggest some may be novel. Now, why not seeking The Book of Clouds that give your enjoyment preference will be satisfied by simply reading this book. Reading practice all over the world can be said as the way for people to know world far better then how they react to the world. It can't be explained constantly that reading practice only for the geeky man or woman but for all of you who wants to possibly be success person. So , for every you who want to start examining as your good habit, it is possible to pick The Book of Clouds become your starter.

Helen Price:

Your reading 6th sense will not betray a person, why because this The Book of Clouds guide written by well-known writer whose to say well how to make book that may be understand by anyone who also read the book. Written within good manner for you, leaking every ideas and writing skill only for eliminate your own personal hunger then you still hesitation The Book of Clouds as good book not simply by the cover but also with the content. This is one publication that can break don't ascertain book by its deal with, so do you still needing one more sixth sense to pick that!?! Oh come on your studying sixth sense already told you so why you have to listening to an additional sixth sense.
