Women Resisting Violence: Spirituality for Life

This collection of original essays comprises an international who's who of women theologians writing on a topic that impacts the lives of women everywhere. In December 1994, forty-five outstanding feminist theologians from around the world met in Costa Rica to discuss the impact of violence against women. For a full week these theologians dialogued on the many forms of violence: economic, military, cultural, ecological, domestic, and physical violence. From this multivoice dialogue, 'Women Resisting Violence' offers a truly global, truly cutting-edge resource on the implications of violence against women.
